HARDY DOWNING SMASHES RECORD

Makes Bobby Walthour's Exhibition Five-Mile Look Like Slow at Ogden.

Ogden, Aug. 22.—While two thousand spectators stood up and cheered like mad H. K. Downing of San Jose, Cal., paced by Gussie Lawson, smashed the five-mile motor paced record at the Glenwood motor track this evening and defeated W. E. Samuelson, of Provo, who was paced by his brother, in one of the best races ever pulled off in this city. Not only did Downing smash the competitive motor paced record, but also clipped 3 and 1-5 seconds off the motor paced exhibition record of 6:43-4 made by Bobbie Walthour in Salt Lake on August 2 of this year. Downing's time was 6:42-5. Samuelson's record, made August 17, 1906, at Salt Lake was 6:52-1-5.

Both Downing and Samuelson held the pace well and neither of the motors missed a spark during the entire race. Downing had about forty feet the best of the argument at the check off the pistol. This lead he maintained for a greater part of the race. Three or four times Samuelson tried to pass the California and each instance several laps were ridden with the machines neck and neck. Samuelson, however, was unable to take the lead and after each attempt he dropped back to the rear, only to make another unsuccessful effort later on.

Crowd Does Some Cheering.

Each attempt of the Provo boy to take the lead was greeted with loud applause by the spectators, who enjoyed the pluck he displayed. Downing evidently did a wise thing when he decided not to ride in the handicap race preceding the motor paced event. This left him in fine shape for his race with Samuelson.

The time made by Downing cannot be questioned. Three watches gave the time the same, while the fourth reduced it 2-5 of a second. His feat this evening demonstrates clearly that the Ogden track is the much faster than the one in Salt Lake. If Downing's record is broken it probably will have to be done on the Ogden track.

Clarke Makes Great Race.

Another feature of the evening was the ride made by Jack Clarke in the one-mile handicap race. As usual the little Australian was pulled by Pye and Hollister. Hopper, with a twenty-five yard handicap, tried to outwit Clarke, but he was not equal to the occasion. Hopper hung to the bunch of slow men and reserved all his strength for the last lap. On the next to the last lap he jumped out and made a try to run around the fast ones. Pye was in position with Clarke on his wheel, when Hopper made his jump. Clarke threw away his pace and went in to beat Hopper. For about a quarter of a lap the men rode side by side and then Clarke gradually, seemingly without any extra effort, forged ahead and came in a wheel's length to the good. It was pretty work, and the crowd cheered the Australian. Clarke also pulled down first money in the quarter-mile professional race by taking the lead at the start and holding it to the finish.

Giles Springs Surprise.

Giles was the surprise among the amateur men with a forty-yard handicap in the two-mile lap race. He jumped away from the bunch two laps from the finish and crossed the tape fully fifty yards to the good. In this event Effler, Duester and King teamed and pulled down all but 50 cents of the lap money. DeMara teamed with Mayer, but they could not stand the gaff and had to give away to Giles. In the one-mile open amateur DeMara had things his own way and easily won first money.

The next meet on the local track will be held on Wednesday evening of next week, when DeMara will give a mile motor paced exhibition and incidentally make a try for the record of 1:24-4, made by Hume in Salt Lake September 8, 1906. At this meet and for the first time this season an unlimited tandem pursuit race, in which four teams will compete, will be included in the bill.

The Summary.

Final one-mile open, professional—Clarke, Downing, Samuelson, Monroe. Time, 5:23-5.

Final one-half-mile open, amateur—De-

GUN CLUB'S TEAM MATCH

Salt Lake and Ogden Meet in Second Contest at Ogden on Monday.

After a delay of a couple of weeks, the Salt Lake and Ogden gun clubs have gotten together and agreed upon a date for the second match team shoot. Ten men from each town comprise the teams and on next Monday, with Ogden as the battle ground, the two clubs will fight it out.

The last shoot was held at Salt Lake and the Ogden bunch won out by a small margin. In fact the race was so close that it was not until the last squad had fired that the result was settled. Since that time the two clubs have done considerable bickering for another match and yesterday Secretary Cowan made final arrangements for the return shoot. Both teams have men now shooting in the Denver territory and these will be back in time to help out their respective teams.

BIKE RACES TONIGHT.

Kramer vs. Walthour Is the Feature Event.

The regular Friday night's bicycle race will be held at the usual time at the Salt Palace this evening. The program consists of a five-mile match, single pace race, between Bobby Walthour and Frank Kramer. This will be Kramer's second match race of the season.

The other events on the program are a mile invitation professional and a two-mile handicap amateur and a quarter-mile open amateur.

REXALLS TO PLAY OGDEN.

(Special to The Herald.)

Ogden, Aug. 22.—"Dad" Gimlin yesterday succeeded in signing up the Rexalls of Salt Lake for a baseball game at Glenwood ball park next Sunday afternoon. Efforts were made to get the Murray team, but they had already arranged for a game for that date. It is probable that Murray will be secured for the following Sunday and perhaps for Labor day.

FAST SHOOTING AT DENVER.

Denver, Aug. 22.—The world's record for flying targets was broken in the grand western handicap yesterday, when the squad consisting of John Hughes, H. J. Barden, John Boa, H. Bonser, F. Arnold, representing five states, broke 38 of 390 flying targets.

JOHN L. SULLIVAN AND HIS RAPID FIRE MONOLOGUE STUNT

"Ladies and gentlemen, if you will give me your attention for a while, I will show you what I can do with a monologue. Monologue, according to Hoyle, I mean Shakespeare, means soliloquy, and soliloquy means talking to yourself. Now, as a rule, this is a bad habit. They say that most monologists are bad, but I will try and prove myself the exception to the rule."

This is the way in which John L. Sullivan, once fistic champion of the world, who has set about again to win back the championship laurels, and is presenting to the public a monologue which certainly surprises his most enthusiastic friends.

One writer gives the following description of the impression made by John L.: "I soon forgot that it was John L. talking, and became so deeply interested in the stories and reminiscences of his past life that I found myself listening to a philosopher and a logical man. John L. is certainly disguised in full dress suit made of the finest doe skin cloth. His suit, which fringes a white shirt front, is certainly a masterpiece of tailoring. The public more like a man from Wall street than a man from the prize ring. He might be an alderman leading a ward committee or a retired hotel keeper at a wedding for all the audience knows. If his manager had not taken the precaution to introduce him with complimentary allusion to his record. Whether the monologue which follows is John L.'s own production, or has been hammered into shape by some professional monologist."

Largest List of Entries Ever Gathered Together on Western Courts.

The entries for the Intermountain lawn tennis tournament, which starts at the Country club on Saturday closed last night, and the drawings for the entire meet were made. The list of entries is by far the largest that ever contested in a tennis tournament in the Intermountain region and good sport should result.

SURPRISE FOR TELLURIDE

Bountiful Farmers Take Champions Into Camp by 9 to 4 Score.

The fast bunch of ball tossers from Telluride received a shock yesterday when they journeyed out to Bountiful to play the farmers a game of baseball. Bountiful was the box, but was soon sent to the woods and Harley finished the game. When it was all over the farmers had scored 9 runs to 4 for the Telluride team. The line-up:

Bountiful.

MAN FOR THOMPSON.

Ogden After Strong Card for Labor Day Date.

(Special to The Herald.)

Ogden, Aug. 22.—The fight promoters are making a strong effort to get either Paaky McFarland or Fred Landers to come to Ogden and fight "Cyclone" Thompson on Labor day. This date was originally reserved for Thompson and Sullivan, but when the latter got cold feet it became necessary to look for another formidable opponent for the Sycamore fighter. Landers, the Boer champion, is in Denver and is anxious for a fight with the Cyclone, and will be taken on in case either of the other two men cannot be secured.

Secretary Brown announced last evening that the program for tomorrow would be published tomorrow morning and thereafter each day's events would be given.

blacksmith, is a secret which the audience is not presumed to know. The champion's attitude on the stage can scarcely be called a characteristic one. He picks out a spot, when he first comes in, and plants both feet down solid, and then hangs on to it for dear life until he leaves. His left hand stays in his trouser pocket during most of the performance, but his right hand is used for gestures, whose relation to the monologue is a second secret.

"John L. talks like a rapid-fire automatic rifle, at first probably to get away from the audience, and then to show his blacksmith at his laid out for him, and when this portion is over, and he begins to tell stories, usually on himself, he has gotten so into the habit of jerking out his words that he cannot get over it. On several occasions he essays dialect in his stories, but even a critical ear could not differentiate between his Irish and Hebraic, and probably both are Bostonese Irish. His voice is good and his presence and personality are grand, and he never falters throughout his monologue until his climax, when he tries to recite a pathetic poem to slow music. Just why this idol of the pugilistic arena should seek to emulate some lovesick heroine of a melodrama is does not share with the audience. But it is all by John L. Sullivan. What magic there is in the same for the pleasure-loving public and that probably accounts for the tremendous applause which greets him when he bows at the end and says, 'Thank you.'"

A man who runs a truck farm in Virginia tells of the sad predicament in which a negro named Sam Moore, who is in his employ, recently found himself. Sam had had considerable difficulty in evading the onslaughts of a dog from a neighboring farm. Finally the dog got him as Sam kicked at him.

Sam's wife, hearing a tremendous yell, rushed to the rescue of her husband. When she came up the dog had fastened his teeth in the calf of Sam's leg and was holding on for dear life. Seizing a stone in the road Sam's wife was about to hurl it when Sam, with wonderful presence of mind, shouted:

DATES SET FOR COURSING MEET

O. P. Smith of Denver Secured to Handle Big Intermountain, Rabbit Chase.

Active work on the coursing tournament to be held in Salt Lake this fall began yesterday with the appointment of O. P. Smith as manager of the meeting. Mr. Smith arrived from Denver yesterday and after a short consultation with the directors of the Intermountain Coursing club, was secured to take entire charge of the tournament. He conducted the meeting at Hot Springs, South Dakota, last season, which was one of the most successful ever held.

The tournament will begin the third week in October and run for a period of about two or three weeks. The Mississippi valley future will start on Oct. 21 and the Waterloo cup event on Oct. 28. Before these events a number of inaugural events will be held.

Mr. Smith plans to secure a cup to be known as the Salt Lake cup and to be competed for annually. This will add local interest to the meeting and may be the means of securing the tournament another year.

Already a number of letters have been received from eastern and western dog owners asking for information about the tournament, and it is the intention of Mr. Smith to get in communication with these parties at once. The nominations for the Waterloo cup, which include sixty-four dogs, are already closed and this number of dogs for this one event is assumed.

The meeting will be held at the state fair grounds. Mr. Smith visited the grounds yesterday and said they were ideal for such sport. The slight rise gives the rabbit a big advantage, which brings out the scoring points on a dog much better than when he can catch the long-eared animals easily.

BASEBALL SCORES.

Los Angeles, 4; Portland, 0.

Los Angeles, Aug. 22.—Los Angeles defeated Portland today by a score of 4 to 0. Randolph pitched his first game here with the Los Angeles team and scored a shut-out. Nagle secured two singles and a double out of four times up. The first inning Smith had his collarbone broken by being run into by Burdette while completing a double play. Score:

PAUPERISM EXTENSIVE.

Crime and Poverty Cost the Country Six Billions a Year.

(Washington Cor. Detroit Free Press.)

"This country spends \$6,000,000,000 annually on the criminal pauper and vicious classes, and the annual increase of wealth is only \$5,000,000,000. Does not that look as if the public were bankrupt?"

This statement was made in a lecture by Dr. Charles J. Bushnell, who is conducting at present a public playground here. He is a professor in Heidelberg university at Tiffin, O., and an authority on civic matters. Dr. Bushnell has the support of the leading citizens of Washington in his work.

Dr. Bushnell's figures are taken, he says, from authoritative sources, and represent years of careful study. He challenges any one to disprove their accuracy. He and his wife have made a special study of what they call the "social illness" of the United States. Continuing, Dr. Bushnell said:

"Why, the \$6,000,000,000 that this nation spends every year on its criminal cases equals the amount spent on all churches, public libraries, the Young Men's Christian Association, the Salvation Army, public hospitals, asylums for the insane and all benevolent institutions. The average factory hand earns \$40 a year, while it is estimated that the average criminal costs the public at least \$1,300 a year.

"Disorderly conduct, vicious habits is on the increase; suicides are increasing six times as fast as the population, and murders three times as fast; insanity is also increasing faster than the population. We are maiming and killing in accidents resulting from our industrial enterprises as many persons as were killed in an average year of the Civil war, the Philippine war and the Japanese-Russian war combined. In other words, we are practically carrying on these three wars all the time. And these deaths by accidents, due to our fast commercial spirit, are from two to three times as numerous as similar deaths in Europe, where experts have shown that three-quarters of our accidents are preventable. We are living entirely too fast.

"We have 4,000,000 paupers in this country, and 10,000,000 persons are on the ragged edge of pauperism."

Dr. Bushnell endeavored to show particularly the need of work to offset the growing evils of social conditions in the large cities. In 1790, he said, only 3 per cent of our population lived in cities of 5,000 or more persons, while today nearly one-third live in cities of this class, and in the east and northeast the percentage is much higher even than that.

"I believe," he said, "that more and more people will move to our large cities. This will be due to the availability of factory work, and the smaller need of men on the farms, where work is being done more and more by machinery.

The public playgrounds, where children are given outings and useful occupation, is obviating to some extent these conditions, it was pointed out by Dr. Bushnell. While the facts he presented might lead one to take a very pessimistic view of the world's future, he nevertheless favored the utmost effort to turn the tide in the other direction and he said he believed it could be done by herculean efforts.
